

Here Is Good News
for Stomach Victims

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleansing, soothing and purifying action upon the bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach, fermentation ceases and stomach troubles quickly disappear.

George H. Mayr, for twenty years a leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years' standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to convince any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Stomach Remedy is now sold here by

Why we want
Small Accounts

Do you realize that a hundred small accounts make a bank stronger than a dozen large ones even if they aggregate the same total of deposits?

That's why we are constantly seeking new customers. We want as wide a circle of friends and customers as possible.

Of course, large accounts are welcome, too, for it is our purpose to serve ALL people.

But we want men and women of limited means to know that this bank is willing to accept their deposits and give them the advantage of our advice and every facility of the institution.

If you are not a bank depositor at all come in and get acquainted with us. We will be glad to talk things over with you.

BURNED SCHOOL WILL
BE REBUILT AT ONCE

TRUSTEES YESTERDAY DECIDED UPON THAT STEP

LOSS IS VERY SMALL

Glenn Street School Building Was Completely Covered By Insurance; New Building

(From Thursday's Daily.) The statement was made yesterday by E. C. McCants, superintendent of the public schools of Anderson, that the Glenn street school building, almost entirely destroyed by fire early yesterday morning, would be rebuilt as soon as the contractors could bid on the job and material could be secured. This statement followed a visit of inspection, paid by Mr. McCants and certain of the school trustees, to the burned building.

It has been ascertained that the loss was not nearly so large as had at first been feared. The building cost only \$11,000 and the trustees carried \$10,000 insurance. It is estimated that the value of the fixtures and furniture in the building would not exceed \$1,000 on this there was \$750 insurance. It will therefore be seen that no considerable loss was suffered.

Great speculation prevailed yesterday over how the building could have caught. The floors were perfectly clean, and Mr. McCants says that even though a lighted match had been thrown on the floor there was no rubbish or anything of that nature to start a blaze. The theory that it might have caught from defective wiring was discarded yesterday when it was learned that the wires in the building had never been connected with electricity.

One of the people living near the school says that he observed a light in the room where the fire started about 12 o'clock but thought that possibly the janitor was yet in the building. As the alarm did not come in until some time after 1 o'clock it is believed that the light that he saw must have been from a lamp as the fire would have gained enough headway in less than an hour to be seen. Yesterday it was believed that some one had secured access to the building and overturned a lamp, which caused the fire.

The greatest damage done by the flames was on the top of the building. In the basement of the building the heating plant and furnace remained intact and there was almost a car load of coal there which was yesterday found to be unharmed. The sewerage system of the building did not suffer any material damage.

Mr. McCants said yesterday that he expected to have the building entirely repaired and ready for use by September 1.

COURT TO CLOSE
ON MILES APPEAL

Following Argument In That Case This Afternoon, Court For Anderson County Will End

(From Thursday's Daily.) No cases were argued before Judge Prince yesterday and no session of court was held. It was announced, however, that a hearing would take place this afternoon at 2 o'clock in the case of Will Miles, charged with slander and convicted on the second Monday of court. It will be remembered that notice of appeal was filed in this case and the hearing this afternoon will determine whether or not the sentence shall be imposed upon the defendant.

This will be the last case to come before the court and adjournment will take place. However, the Court of Common Pleas for Anderson county will convene on June 15, the first week's jury being drawn yesterday. The following are those to serve on the jury:

QUACK DOCTOR
GOT MONEY HERE

Anderson People May Have Been Fleeced By Chinese Doctor, Now In Trouble In Atlanta

(From Thursday's Daily.) While it was impossible to secure the names of any of the people fleeced, it is said that some Anderson people fell prey to the wiles of a "Chinese doctor, now located in Atlanta, and sent him some money for "cure-all" claimed to possess won-derful medicinal qualities. The doctor is the celebrated Tom T. Young and he was arrested yesterday in At-lanta for making claims through the United States mails of his ability to cure rheumatism, lumbago, gout, drop-sy, neuralgia, heart disease, indiges-tion, tuberculosis, asthma and hun-dreds of other ailments to which the human family is heir.

The charge is that Young extracted at fees from the clients and fur-nished them perfectly harmless herbs and concoctions in return, thereby proving the truth of the old poetic proverb that "For ways that are dark and tricks that are vain, the heathen Chinese is peculiar."

The government officers there be-lieve that Tom Young's office is merely one of a chain of a nation-wide or-ganization of Chinese swindlers, ex-tending from Frisco to the Atlantic seaboard. The specific charge against Young is that of using the United States mail to defraud.

According to Inspector E. P. Smith who made the arrest, the oriental quacks have been operating exten-sively for years but have been so adroit in their practice that not until Young bit at the bait of a rich fee dangled before him by the government agents were the secret service men able to make any definite case.

PROMINENT MAN
DIED YESTERDAY

Charles Burroughs Passed Away Yesterday Morning At Home of Brother, David Burroughs

(From Thursday's Daily.) Charles Burroughs, aged 47 years, died yesterday morning at 10 o'clock at the home of his brother, David Burroughs on Tribble street. Mr. Burroughs came to Anderson about 10 weeks ago from his home in New York in the hope that this climate would improve his health and for a time it seemed that he had been slightly improved, but a short time ago, he began to lose ground and this continued until the end came yester-day.

The deceased was a native of Bel-fast, Ireland, but he made his home in New York city for 28 years. He had two daughters and one son in New York, while his father survives him in Ireland.

Throughout his life, Mr. Bur-roughs has been a consistent member of the Presbyterian church and when his health permitted it he had taken an active part in church work.

The funeral services will be held at the home, 530 Tribble street, this morning at 10 o'clock, conducted by Rev. W. H. Frazer of the First Pres-byterian church and the interment will follow at Silver Brook ceme-tery.

DIVORCED WIFE
BEING SOUGHT

Anderson People Knowing Whereabouts of Mrs. M. J. Williams Asked To Give Information

(From Thursday's Daily.) If any Anderson people know the whereabouts of Mrs. M. J. Williams of Atlanta they will confer a great favor upon Mr. Williams by tele-graphing him at Atlanta. Mr. Wil-iams is a prominent business man of Atlanta and yesterday he went to the police officials of that city and complained to the court bailiffs that his wife had spirited away his 2-year old son and detectives have been put on her trail. It is said that Mrs. Wil-iams left the state and came in this direction and it is possible that she may be in the vicinity of Anderson.

Mr. and Mrs. Williams were divor-ced in Atlanta some time ago but the decree of the court was that while the child was in the custody of his mother that the mother should re-main within the jurisdiction of the court and that the father should be permitted to see him from time to time. Mr. Williams now alleges she left the State with the child and he is asking the Georgia officials to have her located, arrested and re-turned to Atlanta on a contempt or-der.

When Mrs. J. H. Vinson telephoned to Waco, 20 miles to Laguna, Tex., that she was unable to get home be-cause floods had washed away the railroad tracks, Vincent came to her on foot. He swam three swollen streams. When he entered the hotel his wife embraced him publicly.

CAROLINA DRUMMERS
MOVE ON GREENVILLE

ANDERSON SALESMEN TO BE WELL REPRESENTED

A DANCE TONIGHT

Many Enjoyable Events Have Been Arranged For Two Days U. T. C. Grand Council

(From Thursday's Daily.) The traveling men of Anderson and of almost every town in the two Caro-linas look forward to today and to-morrow with great delight. For months the traveling men have been advertising the coming of the grand council of the Carolina, U. T. C. to Greenville and today the entire city will be in the hands of the "Knights of the Grip."

Feaster V. Tribble, one of Ander-son's hustlers, told a reporter for The Intelligencer yesterday that the meet-ing today and tomorrow will be the biggest event the traveling men of the state have ever known. Mr. Tribble said:

"All the people in Greenville have entered into the spirit of the occasion, and are going to give the traveling men every opportunity to show their friends a good time. Thursday, night the new Chick Springs hotel will be christened by a dance given to the U. T. C.'s and their friends, the fol-lowing morning the convention starts its work and between sessions many things are planned to show the dele-gates and visiting U. T. C.'s a good time."

"The Greenville boys have promised to put on a Tango Dinner for C. Ban Allen's special benefit. If you have never worked at a Tango Dinner you have missed something, for it goes this way: You eat a course, and then you get up and dance, sorter povstie it down to make room for the course, which is served wh dance is ended. This is repeated: course to course and back again. You can't eat \$4.00 worth of break-fast food (two car loads) on that kind of a stunt, so it follows that you should comfortably stow away during the evening enought eating to last you over Sunday, and thereby reduce ex-penses, besides avoiding the annoyance of getting out of bed. Only a wooden Indian could avoid having the joytime of his life."

"J. H. Craig got tth. dance up, and he says you can wear a dress suit if you prefer, but cannot get the idea it is going to be a starched, klotted and formal affair because you have an other guess coming, he also says the big dance at Chick Springs will be free gratis for nothing not to all mem-bers of U. T. C."

"Bill More has been practicing the Grape Vine Twist for several weeks and they say the twist he makes will make you forget that Bill weighed 120 pounds once on a time."

Several Anderson boys have been practicing real hard and Prue Stel-ton will show the Greenville boys the Ford Carburettor, which is very grace-ful. John Rast also has a startling dance which has not been named yet but is very much like the kitchen sink step.

"The other boys will be there and what Greenville cannot give the visi-tors, Anderson will show them the rest."

"So when you hear the big noise from the direction of Greenville re-member it is nothing serious. Just a misstep Ban Allen and Bob Shanklin made at that Tango Dinner."

DR. CHISHOLM TO
DELIVER CLINIC

Dentists of Southern States Will Hear Anderson Man Discuss Various Uses of Porcelain

Dr. W. W. Chisholm, a well known Anderson dentist, has been paid a high compliment in being asked to deliver a clinic on "Porcelain and Its Uses" before the Southern branch of the National Dental association and the Georgia State Dental Society, now in session at Atlanta, Ga. Dr. Chisholm left Atlanta last night to be present at the opening of the joint meeting this morning and he will deliver his clinic Friday afternoon.

The association is composed of all the dentists in the South and all the Georgia dentists and it is one of the most important meetings of its kind held this year in the South. The com-mittee from both societies have man-aged to get together some really able men to discuss every phase of den-tistry and the clinicians for the gath-ering have been selected for their different subjects instead of being so-lolicited.

Dr. Chisholm has spent a good deal of his time and money in his pre-parations for his effort before the meeting now in progress and he will doubtless make an impression upon the Georgia gathering.

GLOBES GOING ON
THE "WHITE WAY"

About Half the Number Necessary Have Arrived In Anderson and Make Fine Show on Posts

(From Thursday's Daily.) About one half of the globes neces-sary for Anderson's "white way" sys-tem have arrived in the city and yester-day a number of workmen were en-gaged in placing them on the tops of the posts. The various shipments reaching the city have brought in about 250 globes and it is said that all told there will not be more than 500.

was said yesterday morning at the office of the Southern Public Utili-ty company that other shipments reach the city daily for the next all days and it is believed that remainder of the globes will reach Anderson almost as fast as those al-ready here can be put into place.

The public seemed to be favorably impressed last night with the change in the appearance of the lights. The globes shade the rays somewhat and cause the light to be softer and more widely diffused, at the same time put-ting a finishing touch on the post's appearance, heretofore lacking. Ev-eryone seemed to be pleased with the new lights and many comments were heard.
